

2026-27

LAPTOP BAGS FOR 13-INCH MACBOOK AIRS

Below is a list of suggested MacBook Air laptop bags that meet the required specifications. They are not the only acceptable bags but should aid you in choosing one. **Because of the increase in the number of cracked computer screens, students are no longer allowed to carry their MacBooks in their backpacks.** Every student is now required to have a **padded, computer bag, with a shoulder strap**, that fits a 13-inch MacBook well. It cannot be a messenger or tote bag; it must be designed to be a computer bag.

This year you will not purchase a hard-shell cover. Because of the large increase in the number of cracked screens, our insurance company is requiring that every device be protected by a specific, heavy duty cover. We will be providing those to each student at rollout and you will be billed \$29 to cover the cost after school begins.

Suggestions for Laptop Bags

- This one is available in a wide range of colors. Be sure you buy the 13.3" size.
